- ◆ Available in Every Paint & Every Stain

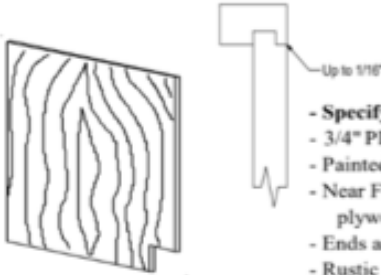

C01- Reduced Price and better quality on finished ends!

RAVE/News

This should reduce the overall price on an average job by approx. 2.5%!
Don't forget that rustic jobs will still need skins on finished ends.

NEAR FLUSH ENDS

Near Flush Finished Veneer End

- Specify left or right on order; Example: NFLEWL
- 3/4" Plywood; Exterior is species veneer finished to match cabinet face; interior is natural birch
- Painted ends may exhibit some birch wood grain texture
- Near Flush End / Face Frame seam may have up to 1/16" reveal to compensate for plywood thickness variation
- Ends and Face Frames are finished first then assembled
- Rustic characteristics not available

Note: Cabinet sides are unfinished birch that do not match cabinet face; All **exposed ends** must be ordered with a Finished Veneer End, Near Flush Finish Veneer End, Door End kit or finished 1/4" wood skins

Price is per end

		CHARGE
NFLEWR/L	Wall	84
NFLEBR/L	Base / Vanity	140
NFLETR/L	Tall	375

Legend now offers four ways to finish the end of a cabinet

1. Veneer End Panel Skin Field Applied (Offers near flush end and covers stack seems)
2. Finished Veneer End (Offers 1/4" frame reveal direct from the factory)
3. New - Near Flush Finished Veneer End (Offers 1/16" frame reveal direct from the factory)
4. Door End Kit (Offers Field Applied Veneer End Panel Skin and Decorative Door)

B1, B3, V2- Added **48" base & Sink Base and Vanity cabinets.**

B6- Added **BC 44** to accommodate the Rev-A-Shelf Half-Moon susan tray.
(Needed extra inside width for easier field installation)

Vanity - New 32.5" shorter height vanity options

F2- **Bookcases** -Designed to be placed on the counter -top. Interior is finished to match but you need to call out finished ends.

F3,4-**Locker system**- Locker program is designed to have a bottom unit, wood countertop, mid-level stacker and choice of upper wall cabinets.

(We recommend Using #7195 stack molding covers seams between mid- level stacker and wall cabs.)

F4,5,6- **Wood countertops**- Choose Beveled or Square Edge, finished 3 sides or just front side. Can be cut down in the field.

MA5- Birch Face Frame material for custom applications

A1,2- Additional interior shelves now cut to fit. Order by cabinet size.

S1- New economical chip set options- Chip8- 8' sticks designed to be field-cut to hand out to builders, or a 5 pack of one chip/color.

Universal Design- new 4.5" toe kick option. Market is split between 9" & 4.5" toe kick needs. (Now we offer both.)

UD9- Convertible Sink base. A fantastic new design by Mike Tchida!
(Convert from standard cabinet to ADA by removing floor and removing doors.
Saves money by not having to finish the sides of adjoining cabinets.

The new Sierra door and new colors are available on the SCD15 door samples on Order Express. Cost is about \$32 each, Order these great new colors and door style on OE today.
